

ATTENTION!

ELECTROPRO SOFTWARE

SCHOOLS, PRACTICES,
AND ANYONE STILL RUNNING
THEIR BUSINESS ON STICKY
NOTES AND SPREADSHEETS...

WE NEED TO TALK!

After years of juggling schedules, chasing paperwork, hunting down missing forms, and wondering who forgot to clock out again, we decided there had to be a better way.

So, we built one.

Introducing **ElectroPro Software™**—the all-in-one platform designed to help schools, practices, associations, and professional organizations spend less time fighting with administrative chaos and more time doing what they love.

From scheduling and attendance tracking to learning management, compliance reporting, billing, surveys, accreditation management, and everything in between, ElectroPro Software brings all your essential tools together in one powerful, easy-to-use platform.

**JUST ONE
PLATFORM.**

**ONE
LOGIN.**

**ONE LESS
HEADACHE.**

Where is my report?!

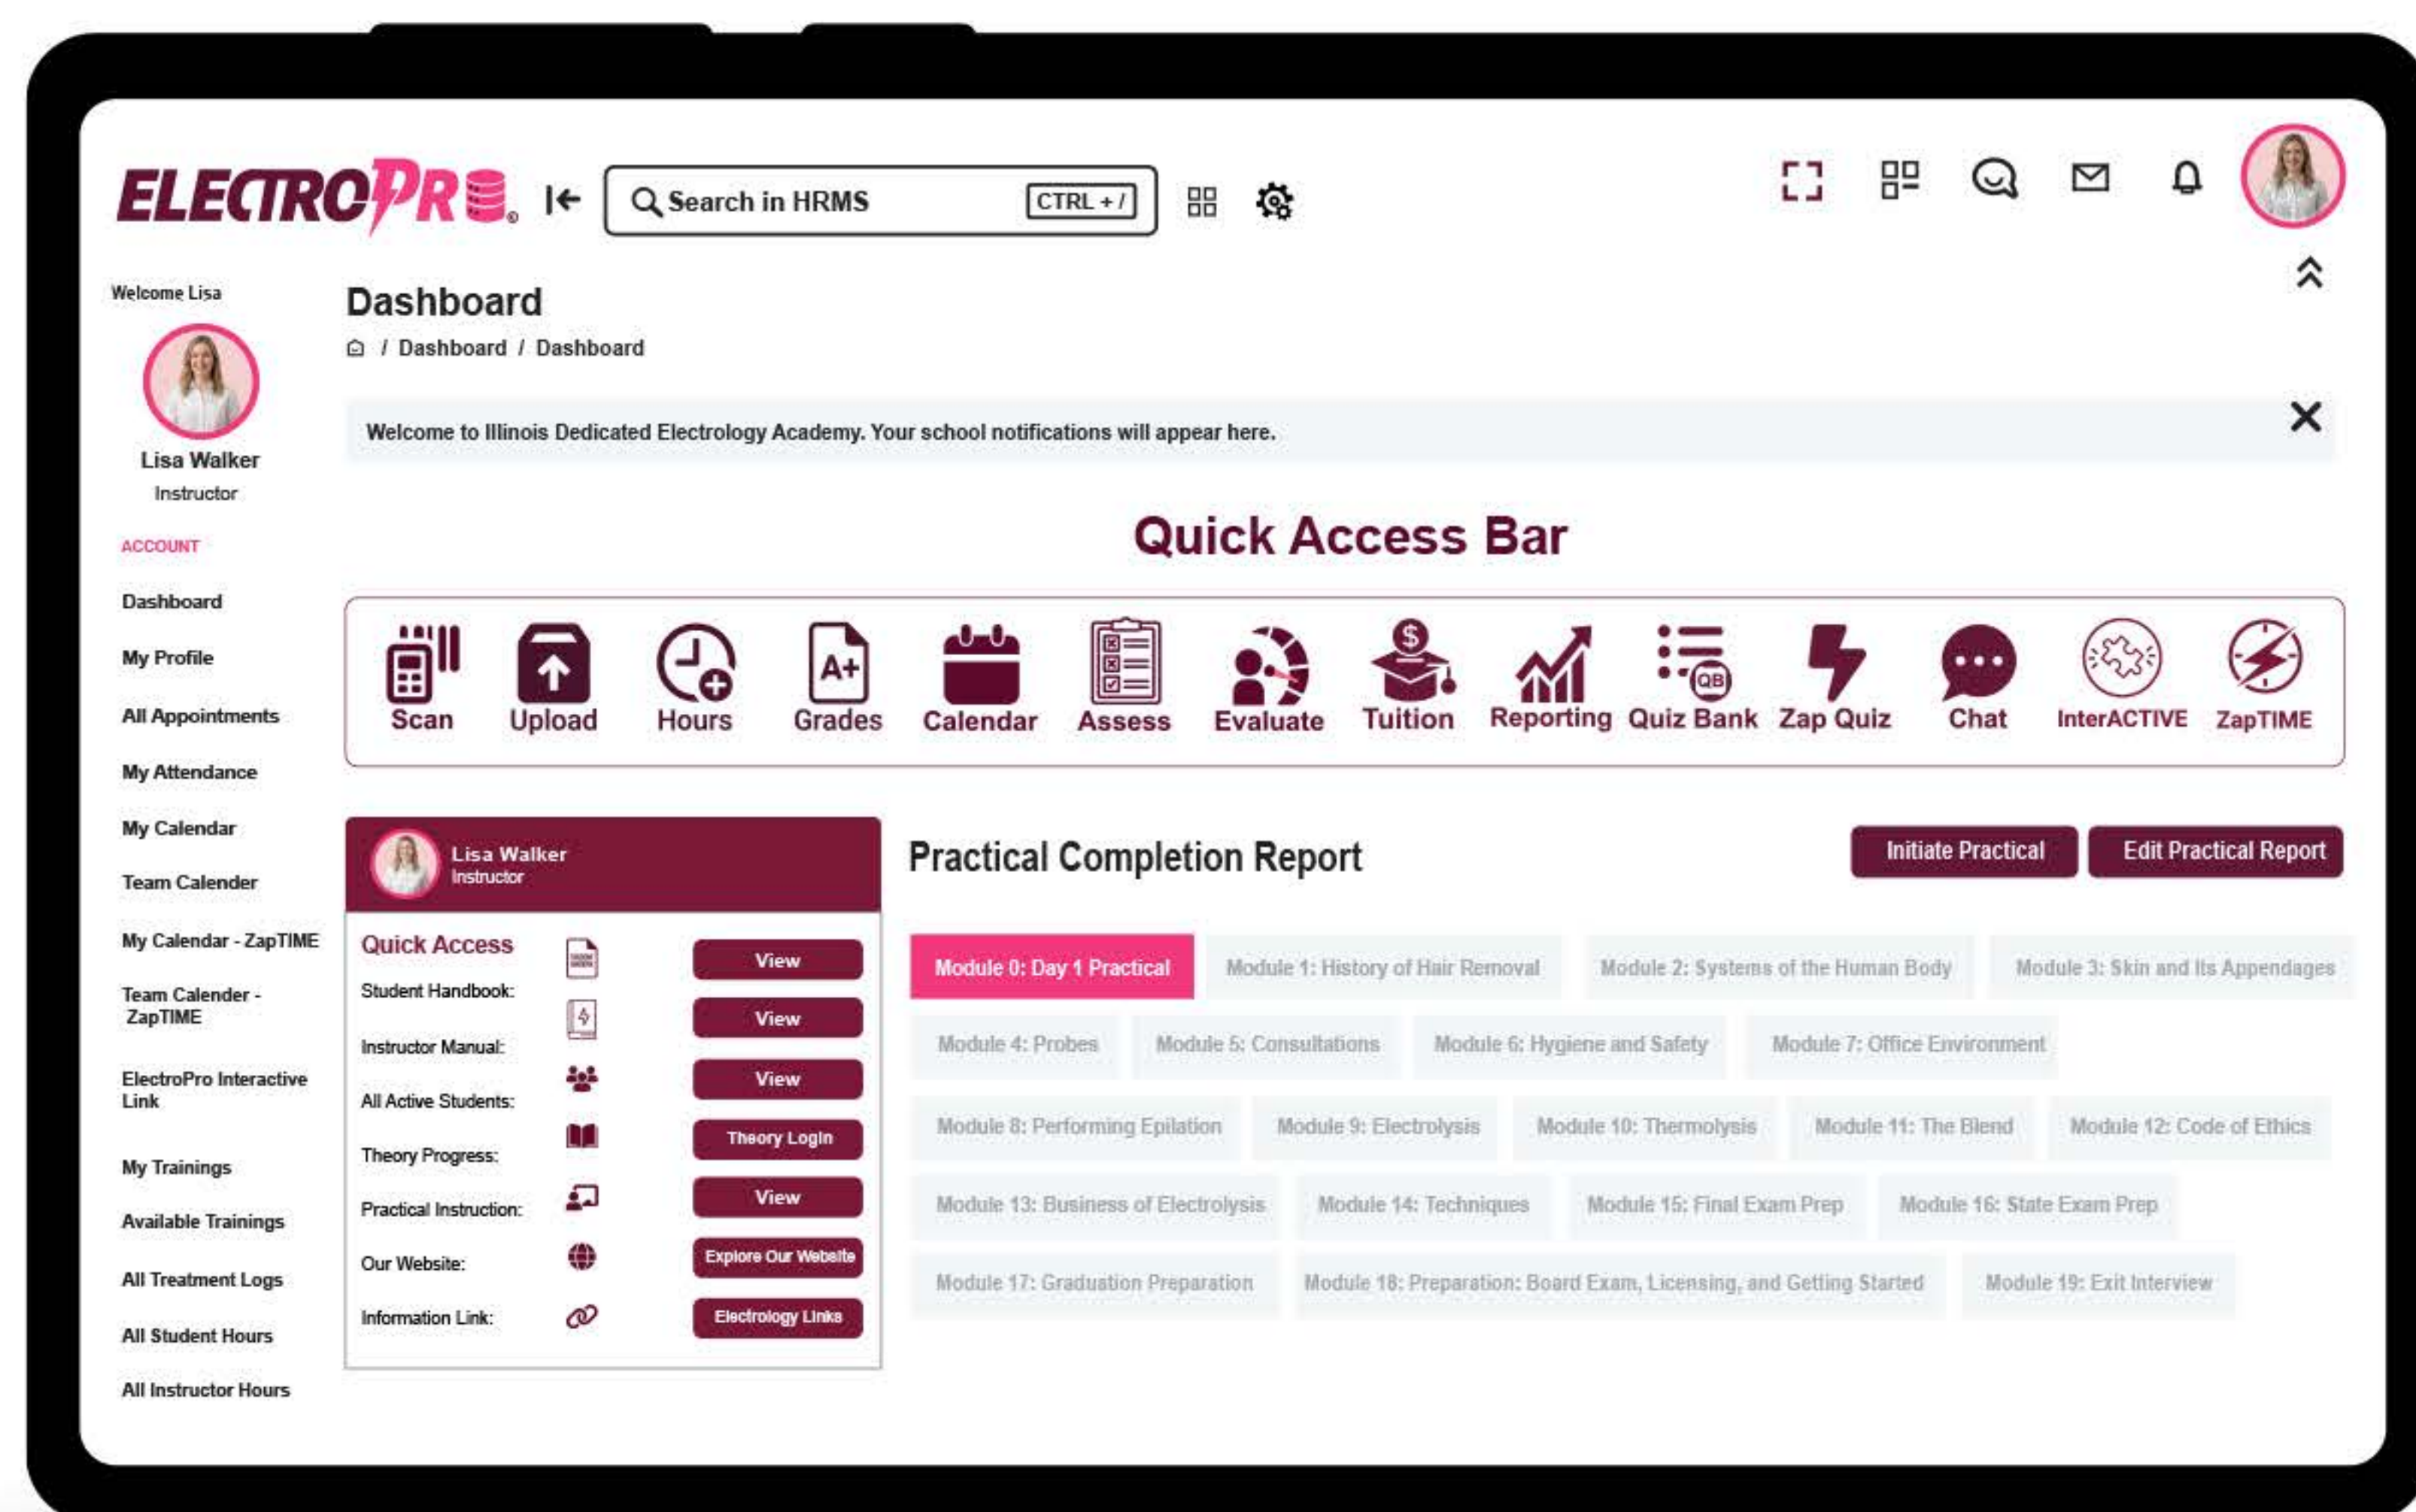

Don't forget accreditation stuff...

Did the student's clock out?

Can't find the surveys I just had?!

www.electroprosoftware.com

- ✓ No more juggling five different systems.
- ✓ No more "Where did I save that file?"
- ✓ No more "I thought someone else did that."

Whether you're managing one treatment room or an entire multi-campus organization, **ElectroPro Software** was built to help you work smarter, stay compliant, and maybe even occasionally leave the office on time.

**WELCOME TO THE FUTURE
OF PROFESSIONAL EDUCATION AND
PRACTICE MANAGEMENT.**

WELCOME TO ELECTROPRO SOFTWARE™

Because running your
organization should be
ELECTRIFYING...

not exhausting.

The Complete Business & School Management Platform for Electrology

Run Your Entire Electrology Business From One System

ElectroPro Software is an all-in-one management platform built specifically for electrology schools, clinics, instructors, students, and independent electrologists. Designed by professionals within the electrology industry, ElectroPro simplifies operations, improves compliance, enhances the student and client experience, and helps organizations scale efficiently. Our Software Suite has three distinct stand-alone products: HEADQUARTERS, ZapTime, and InterACTIVE.

WHY ELECTROPRO?

Save Time & Reduce Administrative Work

Eliminate disconnected spreadsheets, paper files, and multiple software subscriptions with one centralized platform.

Improve Student & Client Experience

Provide modern online scheduling, digital forms, automated reminders, payments, treatment tracking, and mobile-friendly access portals.

Stay Organized & Audit-Ready

Track attendance, practical hours, treatment logs, grades, payments, evaluations, and compliance documentation in one secure system.

Increase Revenue Opportunities

Reduce missed appointments, streamline collections, improve scheduling efficiency, and support online payments and deposits.

Compliance-Ready Reports

Generate state board exam summaries, renewal documentation, and accreditation reports for agencies such as NACCAS and ACCSC—all automatically formatted to official standards and ready for submission in just seconds.

Built Specifically for Electrology

Unlike generic salon or LMS software, ElectroPro was designed around the unique operational, educational, and regulatory needs of electrology schools and practices.
